Assurances	<p>The Australian Government requires student visa holders to purchase Overseas Student Health Cover (OSHC). We recommend Medibank Private, however students may see other providers here. Students will be sent instructions on how to purchase OSHC when they received an offer to study at UTS. We do not purchase OSHC on behalf of students.</p>
Immigration	<p>Once a student has accepted their full offer, UTS will issue a Confirmation of Enrolment (COE) which the student must use to obtain their Student visa (subclass 500) through the Department of Home Affairs. Students and Agents/Partners must check that the Offer letter and eCoE documentation is correct and inform us if there are any errors e.g. wrong duration, before applying for their visa. Under no circumstances should a student use an incorrect CoE to apply for their student visa. If they do so, they will be liable for the cost of any additional visa changes or extensions.</p>
